

Name : \_\_\_\_\_ . Homework for Holly Class Year 5      Date 16<sup>th</sup> May 2022

My Spellings	

**Spelling Activities:**

Choose five activities, from the 8 activities I have given you, to learn your spellings.

Ask your **parents to tick and sign your work daily** to show that you have written your spellings accurately for each activity. The expectation of all **Year 5 children** is to bring your book in each day to be reviewed.

**Maths:**

Either use your cards to play maths games with your family, use an online game from the list on the school website or practice Maths Planet Challenge sheets, again from the school website, to learn your maths facts and multiplication tables.

This should help you do even better at your Maths Planet Challenge. You are on Planet .....

**Reading:**

Read your book to an adult. Please ask them **to sign and comment** in your yellow **Reading Record Book** when they have heard you read. You will need **5 signatures in a full week**. (Parents: Please ask questions about what your child has read to help them develop their comprehension of the story). You have been given a research project to carry out about a country in the Commonwealth of your choice. This can take the place of your daily reading.

I hope this explains the homework to you clearly. If you have any questions then please ask me or get your parents to send me an e-mail. I am available at school or via the school office e-mail address.

Thank you

Mr John Cumming
