

# St. John the Baptist C of E Primary

## School Times Table Progression

Our progression will be aimed at Key Stage 2 children who will tackle the activities/challenges independently and at their own level. For homework, the children will practise their mental calculations and then be ready to complete their individualised challenge in the allotted time of 5 minutes. If they are successful in meeting this challenge accurately on three occasions, they will receive a certificate to celebrate their achievement. They will then progress on to their next challenge. It is essential that children learning their time tables are not solely based on worksheets but the children play games etc. to help them learn and consolidate their learning. We are aiming to show to the children the importance of learning and improving mental arithmetic and how much the school values these skills.

- 1. One more/one less numbers up to 10**
- 2. Number bonds to 5**
- 3. One more/one less numbers up to 20**
- 4. Numbers bonds up to 10 & multiples of 10 the total 100**
- 5. Double and half numbers up to 20**
- 6. Two and ten times table**
- 7. Number bonds to 20**
- 8. Number bonds up to 100 (multiples of 5)**
- 9. Two, five and ten times tables**
- 10. Two, three, five and ten times tables**
- 11. 2 numbers that total 100**
- 12. Two, three, four, five and ten times tables**
- 13. Two, three, four, five, six and ten times tables**
- 14. Two, three, four, five, six, seven and ten times tables**
- 15. Two, three, four, five, six, seven, eight and ten times tables**
- 16. Two, three, four, five, six, seven, eight, nine and ten times tables**
- 17. Six, seven, eight, nine, ten, eleven and twelve times tables**
- 18. Decimal point by single digit**
- 19. Decimal point by multiple of 10**
- 20. Missing numbers**
- 21. Speedy tables**
